Professional Development  
Accredited Lead

National Centre  
for Excellence in the  
Teaching of Mathematics

**Effective and empowering leadership and management is a crucial component in order to maximise pupils' learning outcomes. Katherine and Jonathan provide termly training to strengthen the capacity of subject leaders, enabling them to contribute to the growth and development of mathematics within your school.**

**During the year, the professional development will include:**

- Updates related to national and regional developments; including the ongoing developments for the implementation of the National Curriculum
- Monitoring and evaluation strategies
- Key aspects of strategic leadership
- Development of pedagogy to enhance the quality of learning and teaching
- Subject knowledge associated with the development of the mathematics curriculum
- Opportunity for subject leaders to network in their local area
