

Katherine Milner and Jonathan Hughes

Professional development for 'new-to-role' mathematics subject leaders

Katherine and Jonathan are experienced and highly-qualified independent School Improvement Consultants.

Carefully considering the requirements of schools, they work collaboratively to provide a range of school improvement services and professional development opportunities; they can be relied upon to deliver a dedicated service to meet your high expectations.

Contact Katherine or Jonathan to informally discuss your individual school's needs

Professional Development
Accredited Lead

National Centre
for Excellence in the
Teaching of Mathematics

Subject leaders need to play an influential role in your school's school improvement agenda. Throughout the academic year, 2024-2025, Katherine and Jonathan will provide termly training to empower 'new-to-role' subject leaders to develop the necessary skills and knowledge.

During the year, the content will include:

- *Strategies to develop robust maths action planning aligned to school improvement plans*
- *Sharply focused monitoring and evaluation strategies*
- *Access to a relevant suite of documentation to support leaders within their middle leadership role*
- *Networking opportunities, professional reflection and identifying related professional development needs*

Refer to attached sheet for full booking details

*We encourage the **FREE ATTENDANCE** of the respective delegate's **headteacher**. The collaboration that is facilitated serves to further accelerate internal capacity building.*

	Venue: St. Michael's Centre St. Michael's Church, Church Lane, Budbrooke, Warwick CV35 8QL
